Employment Status	Permanent
Job Location	Lado Sarai, New Delhi

About the practice

Studio Lotus' work is grounded on the principles of Conscious design, an approach that celebrates local resources, cultural influences, a keen attention to detail and an inclusive process. Our design process includes everyone, from the principals to the interns, fostering a culture centred on a high degree of individual ownership.

Our team of 100+ people come from varied backgrounds—architects, interior designers, engineers, even graphic and textile designers. Working in a highly collaborative setting, teams operate as mini-studios within the larger studio. Democracy and transparency are key to our design process. Together, we aim to craft benchmark solutions that address society's changing ways of living and working.

Role Description

Sr. Designer will be responsible for design discussions, managing on-time delivery of various projects and creating impactful presentations while fostering collaboration, inclusivity, and personal growth. Must be a custodian of Organization culture & values, custodian of studio's systems and processes, and thus become a contributor towards organization's higher performance.

Requirements – Skill-sets and Knowledge

- Participates in design discussions and expresses a point of view. Can flesh out design direction independently. Actively sketches to communicate ideas. Can manage on -time delivery of a combination of projects.
- Creates and compiles presentation structures and is proficient in AutoCAD, SKP, Photoshop, and Enscape.
- Proficiency in making GFC and MEP drawings, with an understanding of execution and detailing.
- Understanding of new materials and cost impact.
- Encourages open communication, seeking feedback and adapting accordingly.
- Ensures stage specific delivery and removes bottlenecks with internal and external stakeholders.
- Focuses on personal growth through feedback and self-reflection.
- Can plan effectively on a monthly basis for project task distribution across the resources available on a project. Ensures on- time completion and has foresight to course correct if needed.
